General Information
About Tokyo

Japan’s capital is modern and cosmopolitan, yet rich in cultural heritage. Majestic skyscrapers contrast with the venerable Tokyo Station building and nearby Imperial Palace with its moat and inner gardens. A short walk from fashionable Ginza is the historic theater where kabuki is performed. Some 39 million passengers commute daily on trains in the Tokyo metropolitan area, while 1 million people board a taxi each day. Visitors may also take a leisurely pace to enjoy the sights and sounds of Tokyo Bay aboard an old-fashioned yakatabune houseboat, dining in traditional style and singing karaoke. The variety and intrigue of Tokyo never ends.

Best Times of the Year to Visit Tokyo
Popular seasons to visit Tokyo remain spring, from March to May, and autumn, from September through November. While cherry blossoms bloom from the end of March to the beginning of April, the leaves change colors from mid to late November. The rainy season lasts from early June to mid July.

About Tokyo

Flight Access
Narita International Airport (with three terminals) and Tokyo International Airport (Haneda) (the international terminal) together handle all major carriers, providing great access for visitors from around the globe. Together these airports serve as a key hub to the region as well. Narita offers over 1,450 international flights every week, connecting to 106 cities around the world and has opened a dedicated low-cost carrier (LCC) terminal in line with efforts to further enhance convenience. Meanwhile, Haneda provides over 600 international flights weekly, serving 27 cities across the globe, and has begun 24-hour operation.

Transportation in and around Tokyo
Overview – A network of train lines run by JR East Japan and the subway lines of Tokyo Metro and Toei link stations that are located near hotels, convention venues. Train timetables are located on the platforms and are very reliable since the trains in Tokyo run on time.
Taxis – In central Tokyo, taxis are a convenient way to get around town. At train stations, hotels and convention venues, passengers can board taxis that are lined up at designated spots. At the corner of an intersection or along a busy street, you can hail an approaching taxi by raising your hand.
Shinkansen – All six lines depart from Tokyo Station, and certain bullet trains also stop at Shinagawa Station and Ueno Station. Passengers also can reach such northern destinations as Hokkaido, Aomori, Akita, Yamagata and more; head west to Kyoto (approx. 140 trains a day), etc.; and to the south, including Hakata on Kyushu island. Niigata along the Japan Sea and Nagano in the central Highlands (known as the Roof of Japan) are a few of the many other popular destinations served by the bullet trains.
